Item 7.01. Regulation FD Disclosure.

On June 6, 2022, Enterprise Products Partners L.P., a Delaware limited partnership (“Enterprise” or the “Partnership”), announced the launch of a new company-wide initiative known as “Project 9” with the stated goal of surpassing \$9.0 billion of adjusted earnings before interest, taxes, depreciation and amortization (“Adjusted EBITDA”) for the Partnership’s fiscal year ending December 31, 2022. The objective of Project 9 is to inspire the Partnership’s workforce to focus its energies on the principles of financial discipline, innovation, strong customer relationships, attention to detail and teamwork that have allowed Enterprise to achieve resilient financial success over the years. Some of the efforts being undertaken to reach the goal established by Project 9 include servicing and handling anticipated customer production growth, finding new commercial business opportunities, improving efficiencies, generating near-term revenue and reducing unnecessary costs, all while maintaining the Partnership’s commitment to safe operations. Project 9, as a goal, does not represent guidance by the Partnership or its management with respect to 2022 actual results of operations by the Partnership.
