[Press Release](#)

Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.

On July 20, 2007, the board of directors and sole member of our general partner approved of the management and director changes discussed in more detail below.

(b) Effective on August 1, 2007, Michael A. Creel will resign from his positions as a director and President and Chief Executive Officer of our general partner. In connection with this resignation, Mr. Creel has been appointed to the position of President and Chief Executive Officer of our wholly-owned subsidiary, Enterprise Products GP, LLC, the general partner of Enterprise Products Partners L.P.

(c) Effective on August 1, 2007, Dr. Ralph S. Cunningham will become a director and the President and Chief Executive Officer of our general partner.

Dr. Cunningham, 66, has served as Executive Vice President and Chief Operating Officer of Enterprise Products GP since December 2005 and a director since February 2006. He also is currently serving as Enterprise Products GP's interim President and Chief Executive Officer. Dr. Cunningham previously served as a director of Enterprise Products GP from 1998 until March 2005 and served as chairman and a director of the general partner of TEPPCO from March 2005 until November 2005. He retired in 1997 from CITGO Petroleum Corporation, where he had served as president and chief executive officer since 1995. Dr. Cunningham serves as a director of Tetra Technologies, Inc. (a publicly traded energy services and chemical company), EnCana Corporation (a Canadian publicly traded independent oil and natural gas company) and Agrium, Inc. (a Canadian publicly traded agricultural chemicals company). He was a director of EPCO from 1987 to 1997.

Also effective August 1, 2007, W. Randall Fowler has been promoted from Senior Vice President and Chief Financial Officer to Executive Vice President and Chief Financial Officer, and William Ordemann has been appointed Executive Vice President and Chief Operating Officer of our general partner.

W. Randall Fowler, 50, has served as Senior Vice President and Chief Financial Officer of our general partner since August 2005 and as Chief Financial Officer of EPCO since April 2005. He has also served as the Senior Vice President and Treasurer of Enterprise Products GP since February 2005 and a director since February 2006. Mr. Fowler, a certified public accountant (inactive), joined the EPCO family of companies as Director of Investor Relations in January 1999 and served as Treasurer and a Vice President of Enterprise Products GP and EPCO from August 2000 to February 2005. Mr. Fowler was elected a director of our general partner in February 2006. In October 2006, Mr. Fowler was elected a Senior Vice President, Treasurer and a director of the general partner of Duncan Energy Partners.

William Ordemann, 48, was elected as a Senior Vice President of Enterprise Products GP in September 2001, and was previously elected Vice President of Enterprise Products GP in October 1999. Mr. Ordemann was a Vice President of Shell Midstream Enterprises, LLC from January 1997 to February 1998, and Vice President of Tejas Natural Gas Liquids, LLC from February 1998 to September 1999. Shell Midstream Enterprises and Tejas Natural Gas Liquids were both affiliates of Shell.

Mr. Ordemann participates as a Class B limited partner in EPE Unit L.P. ("EPE Unit I") and EPE Unit III, L.P. ("EPE Unit III"). Dr. Cunningham participates as a Class B limited partner in EPE Unit II, L.P. ("EPE Unit II") and EPE Unit III (collectively with EPE Unit I and EPE Unit II, the "Employee Partnerships"). The Employee Partnerships are designed to provide additional long-term incentive compensation for certain of EPCO, Inc.'s employees by allowing them to participate in the appreciation in value of Enterprise GP Holdings L.P.'s ("EPE") common units. The EPE Unit II limited partnership agreement is filed herewith as Exhibit 10.1.

The Class B limited partnership interests in the Employee Partnerships are generally subject to forfeiture if a Class B limited partner leaves employment with EPCO prior to the fifth anniversary of the Employee Partnership's formation. Generally, upon liquidation of the applicable Employee Partnership, vested Class B limited partners, including Dr. Cunningham and Mr. Ordemann if they so vest, will be entitled to receive EPE units with a then-fair-market-value equal to (a) the appreciation in EPE's unit price between the date of the applicable Employee Partnership's formation and its liquidation, less (b) any accrued but unpaid preference return due to the Class A limited partner.

[Table of Contents](#)

Dr. Cunningham's current Class B limited partnership interest sharing ratio in EPE Unit II and EPE Unit III are 100% and 7.6070%, respectively.

(d) As discussed in Item 5.02(c), above, Dr. Cunningham will become a director of our general partner effective on August 1, 2007.

Item 7.01. Regulation FD Disclosure.

Enterprise GP Holdings L.P. issued a press release dated July 23, 2007 regarding the above officer and director changes. A copy of the press release is furnished herewith as Exhibit 99.1.

The information in the press release attached as Exhibit 99.1 is "furnished" and not "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of that section. It may only be incorporated by reference in another filing under the Securities Exchange Act of 1934 or the Securities Act of 1933 if and to the extent such subsequent filing specifically references the information incorporated by reference herein.

Item 9.01. Financial Statements and Exhibits.

Enterprise GP Holdings Elects Cunningham President and CEO

Houston, Texas (July 23, 2007)—Enterprise GP Holdings L.P. (NYSE: EPE) today announced that the general partner of its board of directors has elected Dr. Ralph S. Cunningham president and chief executive officer (CEO). Dr. Cunningham, who succeeds Michael A. Creel, has also been elected to serve as a director of the general partner of Enterprise GP Holdings, as well as Duncan Energy Partners L.P. (NYSE: DEP). Since 2005, Dr. Cunningham has served as chief operating officer for the general partner of Enterprise Products Partners L.P., and was appointed interim president and CEO by the board earlier this year, positions from which he has resigned, effective July 31, 2007. In connection with these changes, Mr. Creel was appointed by the board of directors of the general partner of Enterprise Products Partners as a director, president and CEO.

“Ralph has done an outstanding job of overseeing the safe and reliable operation of our expanding network of midstream energy assets,” said Dan L. Duncan, chairman of Enterprise GP Holdings. “We look forward to his continued leadership as we manage our investments and carry out our growth strategy for the holding company.”

Prior to joining Enterprise, Dr. Cunningham built a distinguished career in the refining and petrochemical industries and retired in 1997 from CITGO Petroleum Corporation, where he had served as president and chief executive officer since 1995. Before that, he held senior management positions with Huntsman Corporation, Texaco Chemical, Clark Oil & Refining, and Tenneco. Dr. Cunningham holds a bachelor’s degree in chemical engineering from Auburn University, as well a master’s degree and Ph.D in chemical engineering from Ohio State University.

In other actions, the board of directors of the general partner of Enterprise GP Holdings elected William (Bill) Ordemann chief operating officer and promoted him to

executive vice president. Mr. Ordemann reports to Mr. Creel and will be responsible for the Operations, Engineering and Environmental Health, Safety & Training functions within the shared services group.

Since joining Enterprise in 1999, Mr. Ordemann has been responsible for asset management and business development in the natural gas processing and natural gas liquids businesses and has been instrumental in Enterprise's growth in this area, most recently in the development and execution of the partnership's Rocky Mountain growth initiative. Prior to joining Enterprise, he held numerous managerial positions in Operations, Engineering and Commercial areas for affiliates of Shell Oil Company. He holds a bachelor's degree in chemical engineering from Virginia Tech.

The actions of the board of directors will become effective Aug. 1, 2007.

Enterprise GP Holdings is one of the largest publicly traded GP partnerships with an enterprise value of more than \$6 billion. It owns general partner and limited partner interests in Enterprise Products Partners L.P., TEPPCO Partners, L.P. and Energy Transfer Equity, L.P. For more information on Enterprise GP Holdings visit its website at www.enterprisegp.com.

Enterprise Products Partners L.P. is a publicly traded partnership with an enterprise value of more than \$19 billion that provides midstream energy services to producers and consumers of natural gas, natural gas liquids and crude oil in North America. Enterprise transports natural gas, NGLs and crude oil through more than 35,000 miles of onshore and offshore pipelines. Services include natural gas transportation, gathering, processing and storage; NGL fractionation (or separation), transportation, storage, and import and export terminaling; crude oil transportation and offshore production platform services. For more information on Enterprise Products Partners, visit its website at www.epplp.com. Enterprise Products Partners L.P. is managed by its general partner, Enterprise Products GP, LLC, which is wholly owned by Enterprise GP Holdings L.P.,

Duncan Energy Partners is a publicly traded partnership that provides midstream energy services, including gathering, transportation, marketing and storage of natural gas, in addition to transportation and storage of natural gas liquids (NGLs) and petrochemicals. Duncan Energy Partners' assets, located primarily in the Gulf Coast

region of Texas and Louisiana, include interests in more than 1,000 miles of natural gas pipelines with a transportation capacity of approximately 1 billion cubic feet per day; nearly 600 miles of NGL and petrochemical pipelines featuring access to the world's largest fractionation complex at Mont Belvieu, Texas; and 33 underground salt dome caverns with about 100 million barrels of NGL storage capacity. Additional information is available at www.deplp.com.
