OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND BASIS OF PRESENTATION

Organization

Oiltanking Partners, L.P. (“OILT”) is a Delaware limited partnership formed by Oiltanking Holding Americas, Inc. (“OTA”) on March 14, 2011 to engage in the storage, terminaling and transportation of crude oil, refined petroleum products and liquefied petroleum gas. OTA owns and controls OILT’s general partner, OTLP GP, LLC (our “general partner”). Through its wholly owned subsidiaries, Oiltanking Houston, L.P. (“OTH”) and Oiltanking Beaumont Partners, L.P. (“OTB”), OILT owns and operates storage and terminaling assets located along the Gulf Coast of the United States on the Houston, Texas Ship Channel and in Beaumont, Texas.

OTA is a wholly owned subsidiary of Oiltanking GmbH. Oiltanking GmbH and its subsidiaries, other than OILT and its subsidiaries, are collectively referred to herein as the “Oiltanking Group.” As used in this document, the terms “we,” “us,” and “our” and similar terms refer to OILT and its subsidiaries, where applicable, unless the context indicates otherwise.

On July 19, 2011, we completed our initial public offering (“IPO”) of 11,500,000 common units, including 1,500,000 common units issued in connection with the underwriters’ exercise of their over-allotment option, at a price of \$21.50 per unit. Our common units are listed on the New York Stock Exchange under the symbol “OILT.” Through July 18, 2011, OTH and OTB were wholly owned subsidiaries of OTA. OTA and its affiliates contributed all of their equity interests in OTH and OTB to us on July 19, 2011, and in exchange, we issued an aggregate of 7,949,901 common units and 19,449,901 subordinated units to OTA and its affiliates and incentive distribution rights to our general partner. At June 30, 2012, OTA owned our general partner, 7,949,901 common units and 19,449,901 subordinated units.

At June 30, 2012, we had outstanding (i) 19,449,901 common units and 19,449,901 subordinated units representing limited partner interests, (ii) a 2.0% general partner interest and (iii) incentive distribution rights. Common units held by public security holders represent 29.6% of all of our outstanding limited partner interests, and OTA and its affiliates hold 70.4% of all of our outstanding limited partner interests. The limited partners collectively hold a 98.0% limited partner interest in us. The general partner holds a 2.0% general partner interest in us.

Basis of Presentation

Because the contribution of OTH and OTB to OILT was a transaction among businesses under common control, the accounts of OTH and OTB have been reflected retroactively in our financial statements on a carryover basis. Therefore, for periods prior to our IPO, the accompanying condensed consolidated financial statements and related notes present the historical accounts of OTH and OTB. The accompanying condensed consolidated financial statements, to the extent they relate to periods prior to the IPO, may not necessarily be indicative of the actual results of operations that might have occurred if OILT had existed as a separate entity during those periods. In addition, the effects of the IPO, certain related asset and liability transfers, cash distributions and debt extinguishment transactions that occurred in June and July 2011 are reflected in the historical consolidated financial statements on the dates they occurred.

Our results of operations for the three and six months ended June 30, 2012 are not necessarily indicative of results expected for the full year of 2012. In the opinion of management, the accompanying condensed consolidated interim financial statements reflect all adjustments, which consist only of normal recurring adjustments, necessary to state fairly the results for the interim periods. The condensed consolidated financial statements and the accompanying notes are prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial statements and the rules of the U.S. Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures required by GAAP for complete annual financial statements have been omitted and, therefore, these interim financial statements should be read in conjunction with our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2011. All significant intercompany transactions and balances have been eliminated in consolidation.

The preparation of our financial statements in conformity with GAAP requires management to use estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. We base our estimates and judgments on historical experience and on various other assumptions and information that we believe to be reasonable under the circumstances. Estimates and assumptions about future events and their effects cannot be perceived with certainty and, accordingly, these estimates may change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes. While we believe that the estimates and assumptions used in the preparation of the condensed consolidated financial statements are appropriate, actual results could differ from those estimates.

Fair Value Measurements

Cash and cash equivalents, trade receivables, other current assets, accounts payable, accrued expenses and other current liabilities are reported in the condensed consolidated balance sheets at amounts which approximate fair value due to the relatively short period to maturity of these financial instruments. The carrying values of our fixed-rate debt approximate fair value based upon borrowing rates currently available to us for loans with similar terms (Level 2). The fair values of our variable-rate debt are their carrying amounts, as the carrying amount reasonably approximates fair value due to the variability of the interest rates. See Note 7 for further details of our fixed-rate and variable-rate debt.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a specified measurement date. Fair value measurements are derived using inputs and assumptions that market participants would use in pricing an asset or liability, including assumptions about risk. GAAP establishes a valuation hierarchy for disclosure of the inputs to valuation used to measure fair value. This three-tier hierarchy classifies fair value amounts recognized or disclosed in the financial statements based on the observability of inputs used to estimate such fair values. The classification within the hierarchy of a financial asset or liability is determined based on the lowest level input that is significant to the fair value measurement. The hierarchy considers fair value amounts based on observable inputs (Levels 1 and 2) to be more reliable and predictable than those based primarily on unobservable inputs (Level 3). At each balance sheet reporting date, we categorize our financial assets and liabilities using this hierarchy.

We believe our valuation methods are appropriate and consistent with the values that would be determined by other market participants. However, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

2. RELATED PARTY TRANSACTIONS

We have engaged in certain transactions with other OTA subsidiaries, as well as other companies that are related by common ownership. Ongoing transactions include our provision of storage and ancillary services to these affiliates. Prior to July 19, 2011, we also provided certain centralized administrative services including, among others, rental of administrative and operations office facilities, human resources, information technology, engineering, environmental and regulatory, treasury and certain financial services. Amounts we earned for storage and ancillary services are classified as revenues. Amounts associated with the other administrative services discussed above are classified as a reduction of selling, general and administrative expense. Effective July 19, 2011, OTA began providing these administrative services to us and other OTA affiliates.

Total revenues earned for related party services were as follows for the periods indicated (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Storage and ancillary service fees	\$ 801	\$ 771	\$ 1,595	\$ 1,523
Other revenues	—	761	13	1,504
Total related party revenues	\$ 801	\$ 1,532	\$ 1,608	\$ 3,027

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Prior to the IPO, we paid fees directly to Oiltanking GmbH for various general and administrative services, which included, among others, risk management, environmental compliance, legal consulting, information technology, engineering, centralized cash management and certain treasury and financial services. Oiltanking GmbH allocated these costs to us using several factors, such as our tank capacity and total volumes handled. In management's estimation, the costs charged for these services approximate the amounts that would have been incurred for similar services purchased from third parties or provided by our own employees. Subsequent to the IPO, these services are provided pursuant to the Services Agreement discussed below.

Effective June 1, 2011, in anticipation of the IPO, all of our former employees were transferred to OTA. Effective July 19, 2011, certain operating and selling, general and administrative services necessary to operate our business are provided by OTA pursuant to the Services Agreement. These charges are included in operating and selling, general and administrative expenses in the three and six months ended June 30, 2012 in the table below.

At June 30, 2012 and December 31, 2011, total related party accounts receivable were \$3.7 million and \$3.8 million, respectively. Total related party accounts payable were \$2.1 million and \$3.7 million at June 30, 2012 and December 31, 2011, respectively. Additionally, we had \$1.9 million and \$2.0 million within accounts payable and accrued expenses at June 30, 2012 and December 31, 2011, respectively, associated with related party administrative fees (see Note 4).

Long-term debt payable to Oiltanking Finance B.V., including both current and long-term portions, at June 30, 2012 and December 31, 2011, was \$29.6 million and \$20.8 million, respectively. See Note 7 for further details of our debt and credit agreements.

At June 30, 2012 and December 31, 2011, total interest and commitment fees payable to Oiltanking Finance B.V. under term loans and credit financing arrangements of \$0.4 million and \$0.3 million, respectively, were included in accounts payable and accrued expenses (see Note 4).

From time to time, we invest cash with Oiltanking Finance B.V. in short-term notes receivable at then-prevailing market rates. At June 30, 2012 and December 31, 2011, we had short-term notes receivable of \$1.5 million and \$15.3 million, respectively, from Oiltanking Finance B.V., bearing weighted-average interest rates of 0.15% and 0.51%, respectively.

The following table summarizes related party operating expenses, selling, general and administrative expenses, interest expense and interest income that are reflected in the condensed consolidated statements of income for the periods indicated (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Operating	\$ 2,904	\$ 299	\$ 6,026	\$ 299
Selling, general and administrative (1)	3,929	1,628	7,926	2,710
Interest expense (net of amounts capitalized)	394	2,303	595	4,576
Interest income	9	9	29	24

(1) During the three and six months ended June 30, 2012, we incurred \$3.7 million and \$7.4 million, respectively, of selling, general and administrative expenses related to the annual fixed fee of \$14.9 million under the Services Agreement. The three and six month periods ended June 30, 2012 also include \$0.2 million and \$0.5 million, respectively, of costs from OTA related to an invoicing and inventory computer system.

OTH was included in the consolidated OTA federal tax returns for periods prior to the IPO, and as a result is required to reimburse OTA for the excess of tax liabilities computed on a separate return basis over taxes paid or is entitled to the excess of taxes paid over its tax liabilities computed on a separate return basis. At both June 30, 2012 and December 31, 2011, we had recorded payables of \$1.2 million for federal income taxes due to our parent.

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Transactions with a Certain Director

One of the directors of our general partner, David L. Griffis, is employed by and a shareholder of the law firm of Crain, Caton & James, P.C., a firm that provides legal counsel for OTA and its affiliates. Fees for legal services paid to Crain, Caton & James, P.C. totaled \$0.2 million and \$0.5 million for the six months ended June 30, 2012 and 2011, respectively.

Services Agreement

On July 19, 2011, in connection with the IPO, we entered into a services agreement (the "Services Agreement") with our general partner and Oiltanking North America, LLC ("OTNA"), a subsidiary of OTA, and subsequently amended the Services Agreement in December 2011, pursuant to which OTNA agreed to provide us certain specified selling, general and administrative services necessary to manage our business for an annual fixed fee of \$14.9 million, payable in equal monthly installments. We also agreed to reimburse OTNA for all operating expenses and all expenses it incurs as a result of our becoming a publicly traded partnership, including all operating expenses that it incurs with respect to insurance coverage for our business, with such reimbursement obligations not subject to any cap.

The initial term of the Services Agreement is ten years, and it will automatically renew for additional twelve-month periods following the expiration of the initial term unless and until either we or OTNA provides 180 days written notice of our intention to terminate the agreement. During this time, the \$14.9 million fee related to selling, general and administrative expenses will be adjusted as necessary each year to account for inflation as measured by the consumer price index. In addition, with the approval of the Conflicts Committee of the board of directors of our general partner, the fee may be adjusted to account for growth in our business or asset base.

3. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment consist of the following at the dates indicated (in thousands):

	June 30, 2012	December 31, 2011
Land	\$ 19,725	\$ 9,125
Terminal facilities	30,806	29,805
Production facilities	418,533	402,614
Rights-of-way	30	30
Construction in progress	31,046	16,506
Total property, plant and equipment	500,140	458,080
Less: accumulated depreciation	(194,381)	(186,436)
Total property, plant and equipment, net	<u>\$ 305,759</u>	<u>\$ 271,644</u>

Depreciation expense was \$4.1 million and \$4.1 million for the three months ended June 30, 2012 and 2011, respectively. For the six months ended June 30, 2012 and 2011, depreciation expense was \$8.0 million and \$8.0 million, respectively.

Interest costs capitalized as part of the costs of construction in progress were \$0.2 million and \$0.1 million during the three months ended June 30, 2012 and 2011, respectively. During the six months ended June 30, 2012 and 2011, interest costs of \$0.5 million and \$0.1 million, respectively, were capitalized as part of the costs of construction in progress.

During the six months ended June 30, 2011, we collected and recognized a gain of \$0.2 million from insurance recoveries resulting from property damages which occurred in 2008 at a dock at our Beaumont terminal.

OILTANKING PARTNERS, L.P.

4. ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts payable and accrued expenses consist of the following at the dates indicated (in thousands):

	June 30, 2012	December 31, 2011
Accounts payable, trade	\$ 4,326	\$ 3,060
Accrued compensation	245	1,253
Accrued property taxes	2,693	5,078
Accrued sales and other taxes	1,034	271
Related party interest and commitment fees payable	382	288
Related party administrative fees payable	1,908	2,004
Deferred revenue	1,186	801
Other	1,807	827
Total accounts payable and accrued expenses	\$ 13,581	\$ 13,582

5. DEFERRED REVENUE

During 2007, we entered into a modification of a lease as a lessor and received a one-time upfront rental payment of \$2.5 million, which is being amortized on a straight-line basis over the term of the lease, approximately sixteen years. At June 30, 2012 and December 31, 2011, deferred revenue related to this upfront rental payment was \$1.7 million and \$1.7 million, respectively, of which \$0.2 million at each date was current and included in accounts payable and accrued expenses.

During 2010, we entered into a modification of a revenue agreement and received a one-time payment of \$2.0 million, which is being amortized on a straight-line basis over the remaining term of the agreement, approximately nine years. At June 30, 2012 and December 31, 2011, deferred revenue related to this one-time payment was \$1.5 million and \$1.6 million, respectively, of which \$0.2 million at each date was current and included in accounts payable and accrued expenses.

At December 31, 2011, we had \$0.4 million of current deferred revenue related to an advance payment received from a customer, and such amount was included in accounts payable and accrued expenses. During the first quarter of 2012, we completed the construction of pipeline-related assets for the customer, and recognized the deferred revenue of \$0.4 million related to the project.

At June 30, 2012, we had \$0.8 million of current deferred revenue related to an advance billing to a customer in June 2012, and such amount was included in accounts payable and accrued expenses. The \$0.8 million of current deferred revenue will be recognized during the remainder of 2012.

6. INCOME TAXES

For periods prior to the IPO, no provision for U.S. federal income taxes has been made in our condensed consolidated financial statements related to the operations of OTB, as OTB has been treated as a partnership not subject to federal income tax and the tax effects of OTB's operations were included in the consolidated federal income tax return of OTA. OTH also was included in the consolidated federal income tax return of OTA, but OTH historically has elected to be taxed as a corporation, and income tax expense included provisions that were calculated as if OTH had filed a separate tax return utilizing a statutory rate of 35%. Deferred income taxes resulted from temporary differences between the income tax basis of the assets and liabilities and the amounts reported in OTH's financial statements.

In July 2011, OTH elected to be treated as a disregarded entity for U.S. federal income tax purposes, and we eliminated all of our deferred tax accounts. Due to our status as a partnership, we and our subsidiaries, including OTH and OTB, are not subject to U.S. federal or state income taxes, with the exception of Texas margin tax.

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Total income tax expense differed from the amounts computed by applying the tax rate to income before income tax expense as a result of the following for the periods indicated (in thousands):

	Three Months Ended June 30, 2011	Six Months Ended June 30, 2011
Income before income tax expense	\$ 10,552	\$ 20,951
U.S. federal corporate statutory rate	35%	35%
Expected income tax expense	(3,693)	(7,333)
OTB income not subject to income tax	757	1,664
Texas margin tax, net of federal income tax benefit	—	(46)
Total income tax expense	<u>\$ (2,936)</u>	<u>\$ (5,715)</u>

During the three and six months ended June 30, 2012, we recorded \$0.1 million and \$0.2 million, respectively, of income tax expense related to the Texas margin tax.

7. DEBT

Long-term debt, affiliate, consists of the following at the dates indicated (in thousands):

	June 30, 2012	December 31, 2011
6.78% Note due 2019	\$ 6,750	\$ 7,200
7.45% Note due 2019	6,000	6,400
7.02% Note due 2020	6,800	7,200
OTH Loan Agreement, due 2022	10,000	—
Total debt	<u>29,550</u>	<u>20,800</u>
Less current portion	(2,500)	(2,500)
Total long-term debt, affiliate	<u>\$ 27,050</u>	<u>\$ 18,300</u>

OTB Debt Agreements

Two of the outstanding debt agreements with Oiltanking Finance B.V. contain loan covenants that require OTB to maintain certain debt, leverage and equity ratios and prohibit OTB from pledging its assets to third parties or incurring any indebtedness other than from Oiltanking Finance B.V. without its consent. At June 30, 2012 and December 31, 2011, no assets had been pledged to third parties. The loan covenants in these agreements require OTB to maintain certain Financial Parameters (as such term is defined in the debt agreements), including: (i) a ratio of Stockholders' Equity to non-current assets of 30% or greater, (ii) a ratio of EBITDA to Total Debt Service of 1.2 or greater and (iii) a ratio of Net Financial Indebtedness to EBITDA of 3.75 or less (as such terms are defined in the debt agreements). At June 30, 2012, OTB's ratio of Stockholders' Equity to non-current assets, the ratio of EBITDA to Total Debt Service and the ratio of Net Financial Indebtedness to EBITDA (as such terms are defined in the debt agreements) was 94.0%, 7.2 and 0.44, respectively. At June 30, 2012 and December 31, 2011, OTB was in compliance with all covenants under the respective debt agreements.

OILT Credit Agreement

On June 15, 2011, we entered into a two-year \$50.0 million unsecured revolving line of credit agreement with Oiltanking Finance B.V., which was amended by Addendum No. 1, dated June 22, 2011 (the "Credit Agreement"). From time to time upon our written request and in the sole determination of Oiltanking Finance B.V., the revolving credit commitment can be increased up to an additional \$75.0 million, for a maximum revolving credit commitment of \$125.0 million. Borrowings bear interest at LIBOR plus a margin of 2.00% and any unused portion of the revolving

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

line of credit is subject to a commitment fee of 0.50% per annum. The maturity date of the Credit Agreement is June 30, 2013. As of June 30, 2012 and December 31, 2011, we had no outstanding borrowings under the Credit Agreement.

The Credit Agreement requires us to maintain, on an calendar year basis, certain Financial Parameters (as such term is defined in the Credit Agreement), including: (i) a ratio of Stockholders' Equity to non-current assets of 30% or greater, (ii) a ratio of EBITDA to Total Debt Service of 1.2 or greater and (iii) a ratio of Net Financial Indebtedness to EBITDA of 3.75 or less (as such terms are defined in the Credit Agreement). At June 30, 2012, the ratio of Stockholders' Equity to non-current assets, the ratio of EBITDA to Total Debt Service and the ratio of Net Financial Indebtedness to EBITDA (as such terms are defined in the Credit Agreement) was 93.0%, 13.0 and 0.23, respectively. At June 30, 2012 and December 31, 2011, we were in compliance with all covenants contained in the Credit Agreement.

OTH Loan Agreement

On May 16, 2012, OTH entered into a ten-year \$125.0 million unsecured loan agreement with Oiltanking Finance B.V. (the "Loan Agreement") for the purpose of financing the purchase of property, plant and equipment, through which borrowings are available from May 15, 2012 through December 15, 2012 (the "Availability Period"), with a maturity date of December 15, 2022 (the "Maturity Date"). At the end of the Availability Period, any unused amounts under the Loan Agreement will be canceled. At June 30, 2012, we had \$10.0 million of outstanding borrowings under the Loan Agreement.

During the Availability Period, interest on borrowings outstanding under the Loan Agreement will be calculated on the basis of an annual interest rate determined by Oiltanking Finance B.V., which represents Oiltanking Finance B.V.'s cost of funds, plus a margin of 2.70% per annum. A commitment fee of 1.00% per annum will be calculated on the undrawn amount of the Loan Agreement and paid at the end of each month during the Availability Period. After the Availability Period and through the Maturity Date, interest will be calculated on the basis of the USD Swap Rate for ten years, plus a margin of 2.70% per annum. OTH paid an arrangement fee of \$0.8 million to Oiltanking Finance B.V. upon signing of the Loan Agreement, which was deferred and is being amortized over the life of the Loan Agreement. At June 30, 2012, the weighted average interest rate under the Loan Agreement was 3.97% per annum.

The Loan Agreement requires OTH to maintain certain Financial Parameters (as such term is defined in the Loan Agreement), including: (i) a ratio of Stockholders' Equity to non-current assets of 30% or greater, (ii) a ratio of EBITDA to Total Debt Service of 1.2 or greater, and (iii) a ratio of Net Financial Indebtedness to EBITDA of 3.75 or less (as such terms are described in the Loan Agreement). The Loan Agreement also contains covenants restricting the ability of OTH to take certain actions without the consent of Oiltanking Finance B.V., including (i) incurring additional indebtedness, (ii) pledging its assets, or (iii) amending its organizational documents. The Loan Agreement contains customary borrowing conditions and events of default, including events of default triggered by (i) OTH failing to satisfy the Financial Parameters and other covenants described in this paragraph after more than 30 days notice, (ii) OTH failing to repay borrowings under the Loan Agreement when they become due, and (iii) OTH ceasing to be controlled by Oiltanking GmbH. At June 30, 2012, the ratio of Stockholders' Equity to non-current assets, the ratio of EBITDA to Total Debt Service and the ratio of Net Financial Indebtedness to EBITDA (as such terms are defined in the Loan Agreement) was 95.0%, 21.3 and 0.15, respectively. At June 30, 2012, we were in compliance with all covenants contained in the Loan Agreement.

8. PARTNERS' CAPITAL AND DISTRIBUTIONS

Outstanding Units

At June 30, 2012 and December 31, 2011, we had outstanding 19,449,901 common units and 19,449,901 subordinated units representing limited partner interests.

Distributions

Our partnership agreement requires that, within 45 days after the end of each quarter, beginning with the quarter ended September 30, 2011, we distribute all of our available cash (as defined in our partnership agreement) to unitholders of record on the applicable record date.

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

On January 23, 2012, the board of directors of our general partner declared a cash distribution to our unitholders of \$0.34 per unit and a corresponding distribution on our general partner's interest for the fourth quarter of 2011. The fourth quarter of 2011 cash distribution totaling \$13.5 million was paid on February 14, 2012 to unitholders of record at the close of business on February 3, 2012.

On April 23, 2012, the board of directors of our general partner declared a cash distribution to our unitholders of \$0.35 per unit and a corresponding distribution on our general partner's interest for the first quarter of 2012. The first quarter of 2012 cash distribution totaling \$13.9 million was paid on May 14, 2012 to unitholders of record at the close of business on May 3, 2012.

On July 19, 2012, the board of directors of our general partner declared a cash distribution to our unitholders of \$0.36 per unit and a corresponding distribution on our general partner's interest for the second quarter of 2012. The second quarter of 2012 cash distribution totaling \$14.3 million is expected to be paid on August 14, 2012 to unitholders of record at the close of business on August 3, 2012.

Our partnership agreement requires that we distribute all of our available cash each quarter in the following manner:

- *first*, 98.0% to the holders of our common units and 2.0% to our general partner, until each common unit has received the minimum quarterly distribution of \$0.3375 plus any arrearages from prior quarters; and
- *second*, 98.0% to the holders of our subordinated units and 2.0% to our general partner, until each subordinated unit has received the minimum quarterly distribution of \$0.3375.

The general partner's incentive distribution rights provide that if cash distributions to our unitholders exceed \$0.38813 per common unit and subordinated unit in any quarter, our unitholders and our general partner will receive, including its 2.0% general partner interest, distributions according to the following percentage allocations:

	Target Quarterly Distribution Target Amount	Marginal Percentage Interest in Distributions	
		Unitholders	General Partner
Minimum quarterly distribution	above \$0.3375 up to \$0.38813	98.0%	2.0%
First target distribution	above \$0.38813 up to \$0.42188	85.0%	15.0%
Second target distribution	above \$0.42188 up to \$0.50625	75.0%	25.0%
Thereafter	above \$0.50625	50.0%	50.0%

Our general partner, as the initial holder of all of our incentive distribution rights, has the right, at any time when there are no subordinated units outstanding and it has received incentive distributions at the highest level to which it is entitled (48.0%, in addition to distributions paid on its 2.0% general partner interest) for each of the prior four consecutive whole fiscal quarters, to reset the initial target distribution levels at higher levels based on our cash distributions at the time of the exercise of the reset election. If our general partner transfers all or a portion of the incentive distribution rights in the future, then the holder or holders of a majority of our incentive distribution rights will be entitled to exercise this right. The following assumes that our general partner holds all of the incentive distribution rights at the time that a reset election is made. Following a reset election, the minimum quarterly distribution will be adjusted to equal the reset minimum quarterly distribution, and the target distribution levels will be reset to correspondingly higher levels based on the same percentage increases above the reset minimum quarterly distribution as the current target distribution levels.

If our general partner elects to reset the target distribution levels, it will be entitled to receive a number of common units and a general partner interest necessary to maintain its general partner interest in us immediately prior to the reset election. The number of common units to be issued to our general partner will equal the number of common units that would have entitled the holder to an average aggregate quarterly cash distribution in the prior two quarters equal to the average of the distributions to our general partner on the incentive distribution rights in such prior two quarters.

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Subordinated Units

All of our subordinated units are owned directly or indirectly by OTA. The principal difference between our common units and subordinated units is that in any quarter during the subordination period, holders of the subordinated units are not entitled to receive any distribution until the common units have received the minimum quarterly distribution (defined below) plus any arrearages in the payment of the minimum quarterly distribution from prior quarters. Subordinated units will not accrue arrearages.

The subordination period will end on the first business day after we have earned and paid at least: (i) \$1.35 (the minimum quarterly distribution on an annualized basis) on each outstanding common unit and subordinated unit and the corresponding distribution on our general partner's 2.0% interest for each of three consecutive, non-overlapping four-quarter periods ending on or after September 30, 2014; or (ii) \$2.025 (150.0% of the annualized minimum quarterly distribution) on each outstanding common unit and subordinated unit and the corresponding distribution on our general partner's 2.0% interest and the related distribution on the incentive distribution rights for the four-quarter period immediately preceding that date, in each case provided there are no arrearages on our common units at that time.

The subordination period also will end upon the removal of our general partner other than for cause if no subordinated units or common units held by the holder(s) of subordinated units or their affiliates are voted in favor of that removal.

When the subordination period ends, all subordinated units will convert into common units on a one-for-one basis, and thereafter no common units will be entitled to arrearages.

9. EARNINGS PER LIMITED PARTNER UNIT

The following table sets forth the computation of basic and diluted earnings per limited partner unit for the periods indicated (amounts in thousands, except per unit data):

	Three Months Ended	Six Months Ended
	June 30,	June 30,
	2012	2012
Net income	\$ 16,621	\$ 32,560
Less: General partner's incentive distribution earned (1)	158	226
Less: General partner's 2.0% ownership interest	331	650
Net income allocated to limited partners	<u>\$ 16,132</u>	<u>\$ 31,684</u>
Numerator for basic and diluted earnings per limited partner unit:		
Allocation of net income among limited partner interests:		
Net income allocable to common units	\$ 8,066	\$ 15,842
Net income allocable to subordinated units	8,066	15,842
Net income allocated to limited partners	<u>\$ 16,132</u>	<u>\$ 31,684</u>
Denominator:		
Basic and diluted weighted average number of limited partner units outstanding:		
Common units	<u>19,450</u>	<u>19,450</u>
Subordinated units	<u>19,450</u>	<u>19,450</u>
Basic and diluted net income per limited partner unit:		
Common units	<u>\$ 0.41</u>	<u>\$ 0.81</u>
Subordinated units	<u>\$ 0.41</u>	<u>\$ 0.81</u>

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

- (1) Based on the amount of net income for the three and six months ended June 30, 2012, our general partner was allocated income associated with its incentive distribution rights for these periods. Undistributed earnings (net income in excess of distributions) or undistributed losses (distributions in excess of net income) are allocated to the general partner and limited partners based on their respective ownership interests. Cash payments made to our general partner and limited partners are determined in relation to actual distributions declared and are not based on the net income allocations used in the calculation of earnings per unit.

10. EMPLOYEE BENEFITS

401(K) Retirement Plan

We historically have sponsored a retirement plan which is available to all employees who have six months of continuous service and covers all employees of OTA. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 and is qualified under Section 401(k) of the Internal Revenue Code. The contributions to the plan, as determined by management, are discretionary but may not exceed the maximum amount deductible under the applicable provisions of the Internal Revenue Code. Historically, we made contributions into the plan on behalf of all OTA subsidiaries and were then reimbursed by the related subsidiary. Our contributions to the retirement plan, net of amounts charged to other OTA entities, was \$0.3 million and \$0.6 million for the three and six months ended June 30, 2011, respectively. Effective June 1, 2011, in anticipation of the IPO, our former employees were transferred to OTA, and OTA became the sponsor of the 401(k) retirement plan. Subsequent to our entry into the Services Agreement (see Note 2), costs for the 401(k) retirement plan are included in the services billed to us by OTA pursuant to the Services Agreement.

Deferred Compensation Plan

Effective August 15, 1994, we adopted a special non-qualified deferred compensation plan for the purpose of providing deferred compensation to certain employees. The plan provides for elective salary deferrals by participants and discretionary contributions by us as defined by the plan. We recognized \$0.05 million and \$0.1 million of accrued compensation to participants for the three and six months ended June 30, 2011, respectively. Payments of accrued compensation totaled \$0 and \$0.2 million for the three and six months ended June 30, 2011, respectively. Employee deferrals totaled \$0.1 million and \$0.4 million for the three and six months ended June 30, 2011, respectively. On June 1, 2011, in anticipation of the IPO, the deferred compensation plan obligations, related insurance policies and mutual funds, along with our former employees, were transferred to OTA. Subsequent to our entry into the Services Agreement (see Note 2), costs for the deferred compensation plan are included in the services billed to us by OTA pursuant to the Services Agreement.

11. MEDICAL INSURANCE AND POSTRETIREMENT BENEFIT OBLIGATIONS

Medical Insurance

Prior to June 1, 2011, we sponsored a self-insurance program for medical and dental insurance administered by a third party, which covered all of our former employees. The total expense and obligations to the administrator was a result of administrative fees, premiums and actual incidence of claims. Under the program, we were responsible for a predetermined limit of claims per participant per year, or a maximum of approximately \$3.0 million to \$4.0 million in the aggregate per year, in accordance with the plan agreements. Claims exceeding these amounts were covered by an insurance policy. Effective June 1, 2011, our former employees were transferred to OTA, and OTA became the sponsor of the self-insurance program. Subsequent to our entry into the Services Agreement (see Note 2), costs for the insurance program plan are included in the services billed to us by OTA pursuant to the Services Agreement.

Postretirement Benefit Plans

Effective June 1, 2004, we established a non-pension postretirement benefit plan. The plan was designed to provide health care coverage, upon retirement, to the employees of OTA who met the age and service requirements. The health

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

plan was contributory, with participants' contributions adjusted annually. We were required to reflect the funded status of the defined benefit postretirement health plan as a prepaid asset or an accrued liability and to recognize the net deferred and unrecognized gains and losses, net of tax, as part of accumulated other comprehensive income within partners' capital. We used a December 31 measurement date for the plan. Effective June 1, 2011, OTA became the sponsor of the postretirement benefit plan, and our obligations under this plan along with our former employees were transferred to OTA. Subsequent to our entry into the Services Agreement (see Note 2), costs for the postretirement benefit plan are included in the services billed to us by OTA pursuant to the Services Agreement.

The following table presents our net periodic benefit costs for the periods indicated (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Service cost	\$ —	\$ 147	\$ —	\$ 447
Interest cost	—	76	—	190
Amortization of unrecognized amounts:				
Prior service cost	—	18	—	47
Net actuarial loss	—	11	—	11
Net periodic benefit costs	<u>\$ —</u>	<u>\$ 252</u>	<u>\$ —</u>	<u>\$ 695</u>

12. SUPPLEMENTAL CASH FLOW INFORMATION

Supplemental cash flows were as follows for the periods indicated (in thousands):

	Six Months Ended	
	June 30,	
	2012	2011
Cash paid for interest (net of capitalized interest)	\$ 431	\$ 4,430
Cash taxes paid	—	1,366
Interest costs capitalized	495	93
Non-cash transactions: (1)		
Distribution of certain land parcels and office building to OTA	\$ —	\$ 5,075
Transfer of postretirement plan obligation to OTA (including \$2.6 million of accumulated other comprehensive loss)	—	(8,824)
Transfer of deferred compensation plan obligations to OTA	—	(4,124)
Transfer of deferred compensation plan assets to OTA	—	4,010
Net deferred tax assets related to assets and liabilities transferred to OTA	—	4,531

(1) In June 2011, in connection with the IPO, we made non-cash distributions to OTA, consisting of certain land parcels and an office building. Also, the postretirement benefit and deferred compensation plans and obligations and certain assets to be used to fund the deferred compensation plan obligations were transferred to OTA. In addition, related net deferred tax assets were transferred to OTA.

During the year ended December 31, 2010, we declared a distribution of \$25.7 million, of which \$13.7 million was paid in 2010, \$10.0 million was paid in 2010 by reducing a short-term note receivable due from Oiltanking Finance B.V. and \$2.0 million was paid in January 2011. The \$2.0 million was recorded in accounts payable, affiliates, at December 31, 2010.

OILTANKING PARTNERS, L.P.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

At December 31, 2011, we had an accrued distribution to OTA of \$0.2 million, which was recorded in accounts payable, affiliates. The amount was paid to OTA in the first quarter of 2012.

13. SEGMENT REPORTING

We derive our revenues from two operating segments — OTH and OTB. The two operating segments have been aggregated into one reportable business segment because they have similar long-term economic characteristics, types and classes of customers and provide similar services.

Revenues by service category are as follows for the periods indicated (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Storage service fees	\$ 24,953	\$ 22,668	\$ 49,247	\$ 44,551
Throughput fees	7,215	5,706	14,096	12,299
Ancillary service fees	1,655	1,280	4,766	2,759
Total revenues	<u>\$ 33,823</u>	<u>\$ 29,654</u>	<u>\$ 68,109</u>	<u>\$ 59,609</u>

14. COMMITMENTS AND CONTINGENCIES

Litigation

In the ordinary course of business, we may be involved in various claims and legal proceedings, some of which are covered in whole or in part by insurance. We may not be able to predict the timing or outcome of these or future claims and proceedings with certainty, and an unfavorable resolution of one or more of such matters could have a material adverse effect on our financial condition, results of operations or cash flows. Currently, we are not party to any legal proceedings that, individually or in the aggregate, are reasonably expected to have a material adverse effect on our financial condition, results of operations or cash flows.

Environmental Liabilities

We may experience releases of crude oil, petroleum products and fuels, liquid petroleum gas or other contaminants into the environment, or discover past releases that were previously unidentified. Although we maintain an inspection program designed to prevent and, as applicable, to detect and address such releases promptly, damages and liabilities incurred due to any such environmental releases from our assets may affect our business. As of June 30, 2012 and December 31, 2011, we have not identified any environmental obligations that would require accrual in our condensed consolidated financial statements.

Other

Our liquid storage and transport systems may experience damage as a result of an accident, natural disaster or terrorist activity. These hazards can cause personal injury and loss of life, severe damage to and destruction of property, and equipment, pollution or environmental damage and suspension of operations. We maintain insurance of various types that we consider adequate to cover our operations and properties. The insurance covers our assets in amounts considered reasonable. The insurance policies are subject to deductibles that we consider reasonable and not excessive. Our insurance does not cover every potential risk associated with operating our facilities, including the potential loss of significant revenues.

The occurrence of a significant event not fully insured, indemnified or reserved against, or the failure of a party to meet its indemnification obligations, could materially and adversely affect our operations and financial condition.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information should be read in conjunction with our unaudited condensed consolidated financial statements and accompanying notes included in this report as well as the consolidated financial statements and related notes, together with our discussion and analysis of financial condition and results of operations, included in our Annual Report on Form 10-K for the year ended December 31, 2011 ("Annual Report").

Cautionary Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q contains certain "forward-looking statements." Forward-looking statements provide our current expectations, contain projections of results of operations or of financial condition, or forecasts of future events. Words such as "may," "assume," "forecast," "position," "predict," "strategy," "expect," "intend," "plan," "estimate," "anticipate," "believe," "project," "budget," "potential," or "continue," and similar expressions are used to identify forward-looking statements. Forward-looking statements can be affected by assumptions used or by known or unknown risks or uncertainties. Consequently, no forward-looking statements can be guaranteed. When considering these forward-looking statements, you should keep in mind the risk factors and other cautionary statements in this Quarterly Report. Actual results may vary materially from such forward-looking statements. You are cautioned not to place undue reliance on any forward-looking statements. You should also understand that it is not possible to predict or identify all such factors and should not consider the following list to be a complete statement of all potential risks and uncertainties.

Factors that could cause our actual results to differ materially from the results contemplated by such forward-looking statements include but are not limited to: (i) changes in general economic conditions; (ii) competitive conditions in our industry; (iii) changes in the long-term supply and demand of crude oil, refined petroleum products and liquefied petroleum gas in the markets in which we operate; (iv) actions taken by our customers, competitors and third-party operators; (v) changes in the availability and cost of capital; (vi) operating hazards, natural disasters, weather-related delays, casualty losses and other matters beyond our control; (vii) the effects of existing and future laws and governmental regulations; and (viii) the effects of future litigation. These and other risks are described in our Annual Report. In addition, we may be subject to unforeseen risks that may have a materially adverse effect on us. Accordingly, no assurances can be given that the actual events and results will not be materially different than the anticipated results described in the forward-looking statements. The forward-looking statements speak only as of the date made, and, other than as required by federal and state securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. All forward-looking statements are expressly qualified in their entirety by the foregoing cautionary statements.

Overview of Business and Recent Developments

Oiltanking Partners, L.P. ("OILT") is a Delaware limited partnership formed by Oiltanking Holding Americas, Inc. ("OTA") on March 14, 2011 to engage in the storage, terminaling and transportation of crude oil, refined petroleum products and liquefied petroleum gas. OTA owns and controls OILT's general partner, OTLP GP, LLC (our "general partner"). Through its wholly owned subsidiaries, Oiltanking Houston, L.P. ("OTH") and Oiltanking Beaumont Partners, L.P. ("OTB"), OILT owns and operates storage and terminaling assets located along the Gulf Coast of the United States on the Houston, Texas Ship Channel and in Beaumont, Texas. We report in one business segment.

OTA is a wholly owned subsidiary of Oiltanking GmbH. Oiltanking GmbH and its subsidiaries, other than OILT and its subsidiaries, are collectively referred to herein as the "Oiltanking Group." As used in this document, the terms "we," "us," and "our" and similar terms refer to OILT and its subsidiaries, where applicable, unless the context indicates otherwise.

On July 19, 2011, we completed our initial public offering ("IPO") of 11,500,000 common units, including 1,500,000 common units issued in connection with the underwriters' exercise of their over-allotment option, at a price of \$21.50 per unit. Through July 18, 2011, OTH and OTB were wholly owned subsidiaries of OTA. OTA and its affiliates contributed all of their equity interests in OTH and OTB to us on July 19, 2011, and in exchange, we issued an aggregate of 7,949,901 common units and 19,449,901 subordinated units to OTA and its affiliates and incentive

distribution rights to our general partner. At June 30, 2012, OTA owned our general partner, 7,949,901 common units and 19,449,901 subordinated units.

Our primary business objective is to generate stable cash flows to enable us to pay quarterly distributions to our unitholders and to increase our quarterly cash distributions over time. We intend to achieve this objective by anticipating long-term infrastructure needs in the areas we serve and by growing our tank terminal network and pipelines through construction in new markets, the expansion of existing facilities and strategic acquisitions.

We operate crude oil and refined petroleum products terminals on the Houston, Texas Ship Channel. Our Houston facility currently has an aggregate active storage capacity of approximately 12.1 million barrels and provides integrated terminaling services to a variety of customers, including major integrated oil companies, marketers, distributors and chemical companies.

Our Beaumont terminal serves as a regional hub for refined petroleum products for refineries located in the Gulf Coast region. Our Beaumont facility has an aggregate active storage capacity of approximately 5.5 million barrels and provides integrated terminaling services to a variety of customers, including major integrated oil companies, distributors, marketers and chemical and petrochemical companies. During 2011, we also completed the construction of and placed into service a new barge dock at our Beaumont terminal.

During 2011, we commenced an expansion project at our Houston terminal involving the construction of three new storage tanks with an aggregate of approximately one million barrels of storage capacity supported by multi-year contracts with two customers. Two of the tanks, with an aggregate 655,000 barrels of storage capacity, were placed into service at the end of 2011, and the remaining 390,000 barrel storage tank was placed into service in April 2012.

Expansion Projects

On November 8, 2011, we announced that the board of directors of our general partner approved \$85.0 million of expansion projects to construct two new crude oil pipelines along the Houston Ship Channel and approximately one million barrels of additional crude oil storage capacity at our Houston terminal. During the first quarter of 2012, the board of directors approved an additional \$11.0 million of spending to extend the pipeline expansion into a third-party terminal in Houston. This connection will enable our pipeline system and Houston terminal to receive additional crude oil from the Eagle Ford shale and the Mid-Continent.

On April 16, 2012, we announced that the board of directors of our general partner approved an approximately \$104.0 million expansion project to construct 3.2 million barrels of new crude oil storage capacity near our Houston terminal. The project included the purchase of 95 acres of nearby land on which the new capacity is being constructed. The project is the second phase of anticipated infrastructure and storage capital expenditures to address additional customer demand at our Houston terminal. All of the storage capacity from this expansion project has been fully contracted at an average term of approximately 6.3 years.

Once complete, the system expansion projects will bring total active storage capacity to approximately 22 million barrels by the end of 2013. We anticipate funding the expansion projects primarily with long-term borrowings from Oiltanking Finance B.V.

Distribution Declaration

On July 19, 2012, the board of directors of our general partner declared a cash distribution to our unitholders of \$0.36 per unit and a corresponding distribution on our general partner's interest, payable on August 14, 2012 to unitholders of record at the close of business on August 3, 2012.

Loan Agreement

On May 16, 2012, OTH entered into a ten-year \$125.0 million unsecured loan agreement with Oiltanking Finance B.V. (the “Loan Agreement”) for the purpose of financing the purchase of property, plant and equipment, through which borrowings are available from May 15, 2012 through December 15, 2012, with a maturity date of December 15, 2022. After December 15, 2012, any unused amounts under the Loan Agreement will be canceled. At June 30, 2012, we had \$10.0 million of outstanding borrowings under the Loan Agreement. See Note 7 in the Notes to Unaudited Condensed Consolidated Financial Statements for further information.

Management Changes

On June 25, 2012, Rutger van Thiel notified us of his intention to resign as a member of the board of directors of our general partner, effective immediately. Mr. Thiel’s resignation coincided with his departure as the Managing Director of our foreign parent, Oiltanking GmbH, and is not related to any disagreement with our management or regarding any matter relating to our operations, policies or practices.

On June 25, 2012, Carlin Conner, the Chief Executive Officer of our general partner, accepted the position of Managing Director of Oiltanking GmbH. On the same day, Mr. Conner notified us of his intention to resign from his position as Chief Executive Officer of our general partner. Mr. Conner will remain the Chief Executive Officer of our general partner until the board of directors of OTA, which is currently considering internal and external candidates, appoints his successor. Mr. Conner will continue to serve as the Chairman of the Board.

Results of Operations

Our operating results were as follows for the periods indicated (in thousands, except per unit amounts):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Revenues	\$ 33,823	\$ 29,654	\$ 68,109	\$ 59,609
Costs and expenses:				
Operating	8,019	8,211	17,646	16,635
Selling, general and administrative	4,703	4,559	9,191	9,351
Depreciation and amortization	4,068	4,077	8,034	7,952
Loss on disposal of fixed assets	—	—	13	544
Gain on property casualty indemnification	—	—	—	(247)
Total costs and expenses	16,790	16,847	34,884	34,235
Operating income	17,033	12,807	33,225	25,374
Other income (expense):				
Interest expense	(400)	(2,309)	(607)	(4,588)
Interest income	9	9	29	24
Other income	59	45	73	141
Total other expense, net	(332)	(2,255)	(505)	(4,423)
Income before income tax expense	16,701	10,552	32,720	20,951
Income tax expense	(80)	(2,936)	(160)	(5,715)
Net income	\$ 16,621	\$ 7,616	\$ 32,560	\$ 15,236
Earnings per common unit – basic and diluted	\$ 0.41		\$ 0.81	
Earnings per subordinated unit – basic and diluted	\$ 0.41		\$ 0.81	

Adjusted EBITDA

We define Adjusted EBITDA as net income (loss) before net interest expense, income tax (expense) benefit and depreciation and amortization expense, as further adjusted to exclude certain other non-cash and non-recurring items, such as gains and losses on disposal of fixed assets and property casualty indemnification. Adjusted EBITDA is not a presentation made in accordance with U.S. generally accepted accounting principles (“GAAP”). Adjusted EBITDA is a non-GAAP supplemental financial performance measure that management and external users of our consolidated financial statements, such as industry analysts, investors, lenders and rating agencies, may use to assess: (i) our financial performance as compared to other publicly traded partnerships in the midstream energy industry, without regard to historical cost basis or financing methods, (ii) the viability of proposed projects and acquisitions and (iii) the overall rates of return on investment in various opportunities. Accordingly, we believe that the presentation of Adjusted EBITDA provides useful information to investors in assessing our results of operations.

The GAAP measure most directly comparable to Adjusted EBITDA is net income. Our non-GAAP financial measure of Adjusted EBITDA should not be considered as an alternative to GAAP measures, such as net income, operating income, cash flow from operating activities or any other GAAP measure of financial performance. Adjusted EBITDA has important limitations as an analytical tool because it excludes some but not all items that affect net income. You should not consider Adjusted EBITDA in isolation or as a substitute for analysis of our results as reported under GAAP. Because Adjusted EBITDA may be defined differently by other companies in our industry, our definition of Adjusted EBITDA may not be comparable to similarly titled measures of other companies, thereby diminishing its utility.

The following table presents a reconciliation of Adjusted EBITDA from net income, the most directly comparable GAAP financial measure, for the periods indicated (in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Reconciliation of Adjusted EBITDA from net income:				
Net income	\$ 16,621	\$ 7,616	\$ 32,560	\$ 15,236

Income tax expense	80	2,936	160	5,715
Interest expense, net	391	2,300	578	4,564
Loss on disposal of fixed assets	—	—	13	544
Gain on property casualty indemnification	—	—	—	(247)
Other income	(59)	(45)	(73)	(141)
Adjusted EBITDA	\$ 21,101	\$ 16,884	\$ 41,272	\$ 33,623

Operating Data

The following table presents operating data for the periods indicated:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Storage capacity, end of period (mmbbls) (1)	17.7	16.8	17.7	16.8
Storage capacity, average (mmbbls)	17.6	16.8	17.6	16.8
Terminal throughput (mbpd) (2)	832.8	795.5	839.5	808.7
Vessels per period	221	198	450	409
Barges per period	780	645	1,553	1,291
Trucks per period (3)	2,617	333	5,368	333
Rail cars per period (4)	2,600	—	4,888	—

(1) Represents million barrels (“mmbbls”).

(2) Represents thousands of barrels per day (“mbpd”).

(3) Beginning in June 2011, one of our customers began unloading product by truck.

(4) Beginning in November 2011, one of our customers began unloading product by rail car.

Three Months Ended June 30, 2012 Compared to Three Months Ended June 30, 2011

Adjusted EBITDA. Adjusted EBITDA for the three months ended June 30, 2012 increased by \$4.2 million, or 25.0%, to \$21.1 million from \$16.9 million for the three months ended June 30, 2011. The increase in Adjusted EBITDA was primarily attributable to increased revenues of \$4.2 million and decreased operating expenses of \$0.2 million, partially offset by increased selling, general and administrative expenses of \$0.1 million.

Revenues. Revenues for the three months ended June 30, 2012 increased by \$4.2 million, or 14.1%, to \$33.8 million from \$29.7 million for the three months ended June 30, 2011. The increase in revenues was primarily attributable to additional revenues from the new storage capacity placed into service in December 2011 and in April 2012 and an escalation in storage fees, resulting in an increase in storage revenues of \$2.3 million, higher throughput fee revenue of \$1.5 million, primarily attributable to increased liquefied petroleum gas exports during the 2012 period, and an increase in ancillary services fee revenue of \$0.4 million.

Operating Expenses. Operating expenses for the three months ended June 30, 2012 decreased by \$0.2 million, or 2.3%, to \$8.0 million from \$8.2 million for the three months ended June 30, 2011. The decrease in operating expenses was primarily due to a decrease of \$0.5 million in property taxes due to adjustments to the accrual related to a decrease in the tax appraised property value, a decrease of \$0.4 million in power and fuel costs due to re-negotiated power rates at a lower rate, a decrease of \$0.2 million in permitting and licensing fees and a decrease of \$0.1 million in rental expenses due to the purchase of land for our expansion project. These decreases in operating expenses were partially offset by an increase of \$0.4 million in repairs and maintenance costs, an increase of \$0.3 million in employee-related costs, an increase of \$0.2 million in engineering fees and an increase of \$0.1 million in insurance costs.

Selling, General and Administrative Expenses. Selling, general and administrative expenses (“SG&A expenses”) for the three months ended June 30, 2012 increased by \$0.1 million, or 3.2%, to \$4.7 million from \$4.6 million for the three months ended June 30, 2011. The increase in SG&A expenses in the 2012 period was primarily due to an increase of \$0.4 million attributable to both additional costs of operating as a publicly traded partnership and an increase in expenses due to the hiring of additional personnel, partially offset by a decrease of \$0.3 million in contract staffing and third-party consulting fees.

Depreciation Expense. Depreciation expense for the three months ended June 30, 2012 of \$4.1 million remained relatively flat compared to depreciation expense for the three months ended June 30, 2011. Increased depreciation

expense due to assets placed in service in late 2011 was offset by decreased depreciation expense due to the distribution of assets to OTA in connection with the IPO.

Interest Expense. Interest expense for the three months ended June 30, 2012 decreased by \$1.9 million, or 82.7%, to \$0.4 million from \$2.3 million for the three months ended June 30, 2011, primarily due to lower outstanding borrowings as a result of the repayment of notes payable to an affiliate with proceeds from our IPO in July 2011.

Income Tax Expense. Income tax expense for the three months ended June 30, 2012 decreased by \$2.9 million to less than \$0.1 million from \$2.9 million for the three months ended June 30, 2011, primarily attributable to the change in the tax status of OTH in connection with our IPO in July 2011. Due to our status as a partnership, we and our subsidiaries are not subject to U.S. federal or state income taxes, with the exception of Texas margin tax.

Six Months Ended June 30, 2012 Compared to Six Months Ended June 30, 2011

Adjusted EBITDA. Adjusted EBITDA for the six months ended June 30, 2012 increased by \$7.6 million, or 22.7%, to \$41.3 million from \$33.6 million for the six months ended June 30, 2011. The increase in Adjusted EBITDA was primarily attributable to increased revenues of \$8.5 million and decreased SG&A expenses of \$0.2 million, partially offset by increased operating expenses of \$1.0 million.

Revenues. Revenues for the six months ended June 30, 2012 increased by \$8.5 million, or 14.3%, to \$68.1 million from \$59.6 million for the six months ended June 30, 2011. The increase in revenues was primarily attributable to additional revenues from the new storage capacity placed into service in December 2011 and in April 2012 and an escalation in storage fees, resulting in an increase in storage revenues of \$4.7 million, higher throughput fee revenue of \$1.8 million, primarily attributable to increased liquefied petroleum gas exports during the 2012 period and an increase in ancillary services fee revenue of \$2.0 million, approximately \$1.4 million of which relates to revenue from a pipeline-related construction project for a customer that was completed and recognized during the 2012 period.

Operating Expenses. Operating expenses for the six months ended June 30, 2012 increased by \$1.0 million, or 6.1%, to \$17.6 million from \$16.6 million for the six months ended June 30, 2011. The increase in operating expenses was primarily due to an increase of \$1.4 million in expenses associated with the pipeline-related construction project discussed above, an increase of \$0.6 million in employee payroll-related costs, an increase of \$0.4 million in engineering fees and an increase of \$0.1 million in insurance costs. These increases in operating expenses were partially offset by a decrease of \$0.8 million in power and fuel costs due to re-negotiated power rates at a lower rate, a decrease of \$0.4 million in property taxes due to adjustments to the accrual related to a decrease in the tax appraised property value and a decrease of \$0.3 million in permitting and licensing fees.

Selling, General and Administrative Expenses. SG&A expenses for the six months ended June 30, 2012 decreased by \$0.2 million, or 1.7%, to \$9.2 million from \$9.4 million for the six months ended June 30, 2011. The decrease in SG&A expenses in the 2012 period was primarily due to a decrease of \$0.5 million in third-party consulting fees and contract staffing in our information technology and engineering departments, partially offset by an increase of \$0.3 million attributable to both additional costs of operating as a publicly traded partnership and an increase in expenses due to the hiring of additional personnel.

Depreciation Expense. Depreciation expense for the six months ended June 30, 2012 of \$8.0 million remained relatively flat compared to depreciation expense for the six months ended June 30, 2011. Increased depreciation expense due to assets placed in service in late 2011 was offset by decreased depreciation expense due to the distribution of assets to OTA in connection with the IPO.

Loss on Disposal of Fixed Assets. During the six months ended June 30, 2012 and 2011, we recognized losses of less than \$0.1 million and \$0.5 million, respectively, on the disposal of certain terminal assets that were dismantled.

Gain on Property Casualty Indemnification. During the six months ended June 30, 2011, we recognized a gain of \$0.2 million from proceeds received under an insurance contract resulting from property damages which occurred in 2008 at a dock at our Beaumont terminal.

Interest Expense. Interest expense for the six months ended June 30, 2012 decreased by \$4.0 million, or 86.8%, to \$0.6 million from \$4.6 million for the six months ended June 30, 2011, primarily due to lower outstanding borrowings as a result of the repayment of notes payable to an affiliate with proceeds from our IPO in July 2011.

Income Tax Expense. Income tax expense for the six months ended June 30, 2012 decreased by \$5.6 million to \$0.2 million from \$5.7 million for the six months ended June 30, 2011, primarily attributable to the change in the tax status of OTH in connection with our IPO in July 2011. Due to our status as a partnership, we and our subsidiaries are not subject to U.S. federal or state income taxes, with the exception of Texas margin tax.

Liquidity and Capital Resources

Liquidity

Our principal liquidity requirements are to finance current operations, fund capital expenditures, including acquisitions from time to time, service our debt and pay distributions to our partners. Our sources of liquidity include cash generated by our operations, borrowings under our revolving line of credit and our new Loan Agreement and issuances of equity and debt securities. We believe that cash generated from these sources will be sufficient to meet our obligations as they come due.

On February 14, 2012, we paid a quarterly cash distribution totaling \$13.5 million, or \$0.34 per unit, and a corresponding distribution on our general partner's interest, to all unitholders of record on February 3, 2012 for the fourth quarter of 2011. On April 23, 2012, we paid a quarterly cash distribution totaling \$13.9 million, or \$0.35 per unit, and a corresponding distribution on our general partner's interest, to all unitholders of record on May 3, 2012 for the first quarter of 2012. On July 19, 2012, the board of directors of our general partner declared a cash distribution to our unitholders of \$0.36 per unit, and a corresponding distribution on our general partner's interest, for the second quarter of 2012. The second quarter 2012 cash distribution totaling approximately \$14.3 million is expected to be paid on August 14, 2012 to unitholders of record at the close of business on August 3, 2012. We intend to continue to pay a quarterly distribution based on the number of common and subordinated units and the general partner interest outstanding to the extent we have sufficient cash from our operations after establishment of cash reserves and payment of fees and expenses, including payments to our general partner and its affiliates.

On November 8, 2011, we announced approval of an approximately \$85.0 million expansion project, a majority of which is expected to be incurred during 2012, to construct two crude oil pipelines along the Houston Ship Channel and approximately one million barrels of new crude oil storage capacity at our Houston terminal. During the first quarter of 2012, the board of directors approved an additional \$11.0 million of spending to extend the pipeline expansion into a third-party terminal in Houston. This connection will enable our pipeline system and Houston terminal to receive additional crude oil from the Eagle Ford shale and the Mid-Continent. We expect to complete construction of the pipelines and approximately one million barrels of new crude oil storage capacity during the first quarter of 2013.

On April 16, 2012, we announced approval of an approximately \$104.0 million expansion project to construct approximately 3.2 million barrels of new crude oil storage capacity near our Houston terminal. The project included the purchase of 95 acres of nearby land on which the new capacity is being constructed. We expect to spend approximately \$50.0 million of the \$104.0 million budgeted for this project in 2012 and to complete construction of all of the new crude oil storage capacity during the fourth quarter of 2013.

We anticipate funding these projects primarily with long-term borrowings from Oiltanking Finance B.V.

Revolving Line of Credit

We have in place a two-year \$50.0 million credit agreement with Oiltanking Finance B.V. (the "Credit Agreement") with a maturity date of June 30, 2013. From time to time upon our written request and in the sole determination of Oiltanking Finance B.V., the revolving credit commitment can be increased up to an additional \$75.0 million, for a maximum revolving credit commitment of \$125.0 million. Borrowings bear interest at LIBOR plus a margin of 2.00% and any unused portion of the revolving line of credit is subject to a commitment fee of 0.50% per annum. As of June 30, 2012, we had no outstanding borrowings under the Credit Agreement.

OTH Loan Agreement

On May 16, 2012, OTH entered into a ten-year \$125.0 million unsecured loan agreement with Oiltanking Finance B.V. for the purpose of financing the purchase of property, plant and equipment, through which borrowings are available from May 15, 2012 through December 15, 2012 (the "Availability Period"), with a maturity date of December 15, 2022 (the "Maturity Date"). At the end of the Availability Period, any unused amounts under the Loan Agreement will be canceled. At June 30, 2012, we had \$10.0 million of outstanding borrowings under the Loan Agreement, bearing interest at a weighted average rate of 3.97% per annum.

During the Availability Period, interest on borrowings outstanding under the Loan Agreement will be calculated on the basis of an annual interest rate determined by Oiltanking Finance B.V., which represents Oiltanking Finance B.V.'s cost of funds, plus a margin of 2.70% per annum. A commitment fee of 1.00% per annum will be calculated on the undrawn amount of the Loan Agreement and paid at the end of each month during the Availability Period. After the Availability Period and through the Maturity Date, interest will be calculated on the basis of the USD Swap Rate for ten years, plus a margin of 2.70% per annum.

Cash Flows from Operating, Investing and Financing Activities

The following table summarizes our cash flows from operating, investing and financing activities for the periods indicated (in thousands):

	Six Months Ended	
	June 30,	
	2012	2011
Cash provided by (used in):		
Operating activities	\$ 35,966	\$ 19,363
Investing activities	(28,362)	(15,161)
Financing activities	(19,566)	(10,095)

Operating Activities

Net cash flows provided by operating activities for the six months ended June 30, 2012 increased by \$16.6 million, or 85.7%, to \$36.0 million from \$19.4 million for the six months ended June 30, 2011. The increase was primarily attributable to an increase in storage service fee revenues, throughput fee revenues and ancillary service fee revenues and lower SG&A expenses, partially offset by increased operating expenses.

Investing Activities

Net cash flows used in investing activities for the six months ended June 30, 2012 increased by \$13.2 million, or 87.1%, to \$28.4 million from \$15.2 million for the six months ended June 30, 2011. The increase is primarily attributable to an increase in capital expenditures of \$29.9 million, partially offset by an increase of \$16.8 million in the collections, net of issuance, of notes receivable from Oiltanking Finance B.V.

Cash paid for capital expenditures were as follows for the periods indicated (in thousands):

	Six Months Ended	
	June 30,	
	2012	2011
Maintenance capital expenditures	\$ 1,152	\$ 1,848
Expansion expenditures	41,010	10,400
Total capital expenditures	\$ 42,162	\$ 12,248

Maintenance capital expenditures are those capital expenditures required to maintain our long-term operating capacity. Expansion capital expenditures are those capital expenditures that we expect will increase our operating capacity over the long-term. During the six months ended June 30, 2012, we spent \$41.0 million of expansion capital primarily for the continuing construction of the new storage capacity at our Houston terminal and associated crude oil pipeline infrastructure investments. During the six months ended June 30, 2011, we spent \$10.4 million of expansion capital primarily related to construction of a barge dock at our Beaumont terminal and additional storage capacity at our Houston terminal.

In 2012, we expect to spend approximately \$140.0 million to \$150.0 million for capital expenditures, of which approximately \$5.9 million is expected to relate to maintenance capital expenditures. A majority of the expansion project spending projected for 2012 relates to the crude oil pipelines and storage capacity projects at our Houston terminal, including approximately \$50.0 million of the \$104.0 million expansion project announced in April 2012 (see "Overview of Business and Recent Developments"). During April 2012, we completed the construction of and placed into service a 390,000 barrel storage tank that we constructed for a new customer.

We anticipate that the above mentioned capital expenditures will be funded primarily with long-term borrowings from Oiltanking Finance B.V.

We believe that we have sufficient liquid assets, cash flow from operations and borrowing capacity under our Loan Agreement and Credit Agreement to meet our financial commitments, debt service obligations and anticipated capital expenditures. We are, however, subject to business and operational risks that could adversely affect our cash flow. A material decrease in our cash flows would likely have an adverse effect on our borrowing capacity.

Financing Activities

Net cash flows used in financing activities for the six months ended June 30, 2012 increased by \$9.5 million, or 93.8%, to \$19.6 million from \$10.1 million for the six months ended June 30, 2011. The following were the principal factors resulting in the increase in net cash flows used in financing activities:

- During the six months ended June 30, 2012, we paid \$27.4 million of cash distributions to our limited partners and general partner and \$0.2 million of cash distributions to OTA and its affiliates, which had been declared, but not paid, in connection with our IPO in 2011 and was included in accounts payable, affiliates, at December 31, 2011. During the six months ended June 30, 2011, we paid \$2.0 million of cash distributions to OTA and its affiliates, which had been declared in 2010, and was included in accounts payable, affiliates, at December 31, 2010.
- During the six months ended June 30, 2012 and 2011, we repaid \$1.3 million and \$6.3 million of notes payable to an affiliate, respectively.
- During the six months ended June 30, 2012, we borrowed \$10.0 million under our Loan Agreement (see Note 7 in the Notes to Unaudited Condensed Consolidated Financial Statements) to finance expansion projects. In connection with our entry into the Loan Agreement, we paid an arrangement fee of \$0.8 million to Oiltanking Finance B.V.
- During the six months ended June 30, 2011, we incurred \$1.8 million of costs associated with our IPO.

Other Considerations**Contractual Obligations**

The following table summarizes our contractual obligations as of June 30, 2012 (in thousands):

	Payments Due by Period				
	Total	Less than 1 year	1-3 years	3-5 years	More than 5 years
Long-term debt obligations	\$ 29,550	\$ 2,500	\$ 5,000	\$ 5,000	\$ 17,050
Interest payments (1)	10,777	2,338	2,978	2,254	3,207
Operating lease obligations (2)	—	—	—	—	—
Total contractual cash obligations	<u>\$ 40,327</u>	<u>\$ 4,838</u>	<u>\$ 7,978</u>	<u>\$ 7,254</u>	<u>\$ 20,257</u>

- (1) Interest payments include amounts due on our currently outstanding notes payable to an affiliate, and Loan Agreement, and commitment fees due on our Credit Facility and Loan Agreement. The interest amount calculated on the Loan Agreement is based on the assumption that the amount outstanding and the interest rate charged both remain at their current levels.
- (2) During the second quarter of 2012, our operating lease obligations for a land lease agreement covering approximately 63 acres terminated upon our acquisition of that land for our expansion projects.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements.

Related Party Transactions

For more information regarding related party transactions, see Notes 2, 7 and 8 in the Notes to Unaudited Condensed Consolidated Financial Statements.

Overview of Critical Accounting Policies and Estimates

A discussion of our critical accounting policies and estimates is included in our Annual Report. Certain of these accounting policies require the use of estimates. As more fully described therein, we consider the evaluation of long-lived assets for impairment and accruals for contingencies to be critical accounting policies and estimates. These estimates are based on our knowledge and understanding of current conditions and actions we may take in the future. Changes in these estimates will occur as a result of the passage of time and the occurrence of future events. Subsequent changes in these estimates may have a significant impact on our financial position, results of operations and cash flows.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices. We do not take title to the crude oil, refined petroleum products and liquefied petroleum gas that we handle and store, and therefore, we have no direct exposure to risks associated with fluctuating commodity prices.

In addition, our terminal services agreements with our storage customers are generally indexed to inflation and contain fuel surcharge provisions that are designed to substantially mitigate our exposure to increases in fuel prices and the cost of other supplies used in our business.

At June 30, 2012, we had \$10.0 million of outstanding borrowings under the Loan Agreement, bearing interest at variable rates. Because such amounts were borrowed on June 29, 2012, and had only been outstanding for one day as of June 30, 2012, a hypothetical 1% increase in the interest rate charged by Oiltanking Finance B.V. would have had an insignificant impact on interest expense for the three and six months ended June 30, 2012. We may use certain

derivative instruments to hedge our exposure to variable interest rates in the future, but we do not currently have in place any risk management contracts.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As required by Rule 13a-15(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), we have evaluated, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report. Our disclosure controls and procedures are designed to provide reasonable assurance that the information required to be disclosed by us in reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure and is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC. Based upon that evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report at the reasonable assurance level.

Change in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) or in any other factors during our last fiscal quarter, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

In the ordinary course of business, we may be involved in various claims and legal proceedings, some of which are covered in whole or in part by insurance. We may not be able to predict the timing or outcome of these or future claims and proceedings with certainty, and an unfavorable resolution of one or more of such matters could have a material adverse effect on our financial condition, results of operations or cash flows. Currently, we are not party to any legal proceedings that, individually or in the aggregate, are reasonably expected to have a material adverse effect on our financial condition, results of operations or cash flows.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the risks set forth in Part 1, Item 1A. Risk Factors of our Annual Report, which risks could materially affect our business, financial condition or future results. There has been no material change in our risk factors from those described in the Annual Report. These risks are not the only risks that we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition or results of operations.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

None.

Item 6. Exhibits

<u>Exhibit Number</u>	<u>Description</u>
3.1	Certificate of Limited Partnership of Oiltanking Partners, L.P. (incorporated by reference to Exhibit 3.1 to the Registration Statement on Form S-1 (File No. 333-173199) filed on March 31, 2011).

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER
PURSUANT TO RULE 13A-14(A) AND RULE 15D-14(A)
OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED**

I, Carlin G. Conner, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q for the period ending June 30, 2012 (this "report") of Oiltanking Partners, L.P. (the "registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - c) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
